3rd Year : 59.16 %

4th Year : 60.44 %

❖ **Employment History**

- **Internship at Civil hospital , Ahmedabad**
September 2022 – March 2023

My undergraduate studies gave me a full grasp of the physiotherapy sessions necessary to treat a wide range of medical ailments including cardiovascular issues, musculoskeletal problems, sports related injuries and child's health issues. During my internship, I examined , researched and treated patients suffering from a range of disorders , counselled patients on how to live a healthy lifestyle, encouraged a holistic approach to therapy and documented patients' progress. I had also learnt how to use advanced technologies such as electric modalities like SWD US IFT IR CRYOFLOW and TENS. During my internship days I was also posted ICU TB BURNS and PRE-POST OPERATIVE WARDS where I collected data, prepared reports talked with experts including physicians and nurses and counselled patients on fitness and mobility and executed patient management plans as well as ensured that patient received ongoing care.

❖ Skills

- **Communication with the patient**
- **Fast Learner**
- **Ability to Work Under Pressure**
- **Ability to Multitask**
- **Flexibility and Adaptability**
