

RAUMYA SADHU

D.O.B:06/06/2000

Gender: Male

Professional Goals

As a Therapeutic Dietitian, I'm looking for a career as an RD (Registered Dietitian) where I can provide care to patients, provide a balanced diet, and provide adequate treatment. I should maintain an intra-relationship between dietitians and patients, improve my communication abilities, and examine the patients. Every day, I will check on the patient's health, medicines, and food intake.
