OBJECTIVE

My objective is to leverage my experience while continuing to be challenged. I have 05+ years of experience working for healthcare service , proper case taking,good communication skills ,and cases handle smoothly .To join highly reputed healthcare organisations to apply my knowledge ,skills & abilities.

Personally, I have the ability to handle cases properly and take proper case- taking . I believe in grow then I completed my Master degree in MBA (HR) for new opportunities. I feel glad that I handle both duties (M.O,MBA)

To join a highly reputed healthcare organization to apply my knowledge, skills and abilities for the betterment of the health of the society.
