

Dynamic and detail-oriented trainee with hands-on experience in CT scans, X-ray, Mammography and patient communication. Demonstrated ability to quickly learn and apply radiation safety protocols while effectively collaborating with teams. Committed to optimizing processes and enhancing patient care through strong technical skills and time management.

Clinical Experience

2025-08 - 2025-09	Intern Radiographer , Jayoti Vidyapeeth Women's University Hospital Assisted nursing staff in basic patient care and ward management. Observed medication administration, vitals monitoring, and patient interaction. Learned teamwork in multidisciplinary healthcare environment.
2024-09 - 2025-08	Trainee Radiographer , CK Birla Hospitals, Jaipur Worked in X-ray (Samsung Digital Machines) handling routine cases as well as special investigations and scannograms. Assisted in CT Scan[128 slice Discovery] procedures including contrast-enhanced studies and special cases such as Sinogram and Cystogram. Worked with Bone Densitometry (GE machine) and Mammography (GE machine). Gained clinical exposure in CT Scan, observing and performing patient positioning and exposure adjustments. Assisted in contrast studies, including patient preparation and monitoring. Developed practical skills in radiation safety and patient care Assisted exposure in MRI where learned routine cases planning skills and positioning and patient dealing.

Education

2025-08	Bachelor In Radiation Technology : Radiology Jayoti Vidyapeeth Women's University - Jaipur
2021-06	Senior Secondary Education : 12th Standard Swami Vivekanand Govt. Model School - Riyan Badi

Accomplishments

Academic Research / Thesis
"Role of CT Brain Angiography in Diagnosing Cerebrovascular Disorders" Conducted research on 100 patients over one year, analyzing imaging protocols, patient safety measures, and radiographer's contribution in diagnostic accuracy.

Interests

Volleyball
Reading and Writing

Deepali Sharma

Radiographer
