

Curriculum vitae

Name: Dr Ankur Vagadiya

Age/sex: 35 year/Male

Address: #301 B , Vasant Vihar II, Dafnala, Saheebaug, Ahmedabad

Date of birth: 25th august 1986

Nationality: Indian

Language Known: English, Hindi, Gujarati

Email ID: ankur_vagadiya@yahoo.co.in , M -7835056105

Qualification: MBBS, MS, M.ch (HPB & Liver transplantation)

GMC registration number: G-42072, G-28026

Academic profile:

No	Academic course	University	Passing year	Attempt	Status
1	MBBS	S.P university	2009	First	Completed
2	MS (General surgery)	PGIMER, Chandigarh	2013	First	Completed
3	M.ch	ILBS	2018	First	Completed

Experience:

No	Designation	Hospital/Department	Period
1	Medical officer	Bhailal amin general ,Vadodara	July 2009 to April 2010
2	Junior Resident	PGIMER, Chandigarh, General surgery	July 2010 to June 2013
3	Senior Registrar	PGIMER, Chandigarh, General surgery	July 2013 to Feb 2015
4	Senior Resident	ILBS, New Delhi, HPB & Liver transplant	June 2015 to August 2018
5	Assistant professor	Gastro & Liver transplant, IKDRC-ITS, Ahmedabad	August 2018 to present

Oral presentation at National Conference:

- 1) Effect of enteral glutamine in the outcome of severe acute pancreatitis: an open labeled

Randomized control study at northern state chapter of ASICON 2014 and received **second rank** in oral section

- 2) **Live donor liver transplantation for adult acute liver failure: Single center experience** presented at 2017 at JIPMER, puducherry
- 3) **Short term patency of neo middle hepatic vein in right lobe living donor liver transplantation:** presented at IASGCON 2017 at JIPMER, puducherry

Poster Presentation at National conference:

- 1) **“Factor predicting mortality after living donor liver transplantation for acute liver failure”** at International liver symposium 2018 , Medanta medicity , New Delhi

Thesis:

- 1) **“Pulmonary artery growth after blalock-taussing shunt for tetralogy of fallot”** was submitted for partial fulfillment for degree of Master of surgery at PGIMER , Chandigarh
- 2) **“Neurocognitive function before and after proximal spleno-renal shunt in patient with extra hepatic portal vein thrombosis”** was submitted for degree of M.Ch (HPB and liver transplant surgery) at Institute of liver and biliary sciences, New Delhi.
- 3) **“Regulatory T cells in living donor liver transplantation: Characterization and functionality”** was submitted for degree of M.Ch (HPB and liver transplant surgery) at Institute of liver and biliary sciences, New Delhi.

Membership of scientific society:

- 1) Attended and passed the 8th certificate course in Hepato-Pancreato-Biliary Surgery by IHPBA at AIIMS, New Delhi 2014
- 2) International Hepato-Pancreato-Biliary Association (Asia-pacific) member since January 2018
- 3) International liver transplantation society member since January 2017

Publication in international Journal:

Living Donor Liver Transplantation for Acute Liver Failure: Donor Safety and Recipient Outcome. Liver Transpl. 2019 Sep;25(9):1408-1421.

Effects of preoperative carbohydrates drinks on immediate postoperative outcome after day care laparoscopic cholecystectomy. Surg Endosc. 2015 Nov;29(11):3267-72

Area of expertise: Gall stone disease, biliary stricture, hilar cholangiocarcinoma, carcinoma gall-bladder, laparoscopic colo-rectal surgery, Liver cancer, Pancreatic cancer, Portal

hypertension, Living donor liver transplantation, Donor safety, Donor rights, multi-organ procurement, cadaveric liver transplant, post liver transplant intensive care, Post liver transplant immunosuppression, long term quality of life after liver transplant, open and laparoscopic hepatobiliary surgery

Current Research project:

- 1) Aortic only perfusion versus dual perfusion in donation after brain death donor in extended criteria donor: Open label randomized control trial
- 2) Outcome of deceased donor liver transplantation with moderately-severe hepatic steatotic graft.
