Husain M Fatepurwala

Clinical Pharmacologist Intern

Clinical Pharmacologist Intern with experience in hospital settings. Skilled in pharmacology principles, therapeutics, drug interactions, and patient counseling. A collaborative team player with strong communication skills, able to build productive relationships with healthcare professionals, researchers, and regulatory authorities. Passionate about contributing to the development of novel treatments and improving healthcare outcomes for patients. Looking to work with healthcare professionals to enhance patient care and contribute to the development of new formulations. Committed to educating others about the role of clinical pharmacologists.

Experience

July 2023 - June 2024

Working as Clinical Pharmacologist Intern at Dhiraj Hospital, Vadodara

Working as a clinical pharmacologist intern at Dhiraj Hospital, where I gained practical experience in patient care and medication management.

- Utilized my knowledge of pharmacology principles, therapeutics, and drug interactions to ensure safe and effective medication use. Collaborated with healthcare professionals to develop medication therapy plans for patients.
- Conducted medication reviews and provided counseling to patients on proper medication use and potential side effects.
- Monitored and evaluated patient responses to medications, making recommendations for adjustments as needed.
- Participated in interdisciplinary teams to optimize patient outcomes and ensure continuity of care.
- Contributed to research projects and quality improvement initiatives to advance pharmaceutical knowledge and patient care.

Clinical Pharmacologist Intern at HCG Cancer Hospital, Vadodara

- Worked as clinical pharmacologist intern at HCG Cancer Hospital and participated in Drug reconstitution along with ensuring documentation of In Patients as well as Out Patients records.
- Participated in ADR monitoring, Drug Interactions, Pill Counting and Antibiotic Stewardship.

Worked as a Production Executive in OSD department at
Gujarat Medicraft Pvt Ltd, Ahmedabad

Academics

- Graduated Pharm D with good grades.
- Formulated a thesis on 'A prospective study on Clinical Profile and Prescription Pattern in patients with Cerebrovascular Stroke in Tertiary Care Hospital'.
- Article on "Naturally Occurring Diterpenes as Anti-Hypertensive Agents: A Review". Formulated a chapter on Lambert - Eaton Myasthenic Syndrome in PharmaFrontiers: Exploring the horizon of Pharmaceutical Sciences
- Post Stroke Chorea: A rare case report
- Case series on Eclampsia

Professional skills

- Strong interpersonal skills including excellent time management, decision-making, presentation skills, and human relations skills.
- Excellent writing and verbal communication skills with MS office knowledge.
- Possess the ability to work collaboratively and independently.
- Demonstrated ability to work effectively in a matrix, team environment, manage multiple priorities and exercise sound judgment.
