

OBJECTIVE

I seek challenging opportunities where I can fully use my skills for the success of the organization.

EXPERIENCE

Shalby Hospitals

6th Oct 2022 - 5th April 2022

Internship

Document patient progress, treatment interventions, and outcomes accurately and efficiently in electronic medical records. Participate in ongoing professional development activities, including workshops, conferences, and continuing education courses, to stay current with evidence-based practices and enhance clinical skills.

Align Rehab Care

21st Oct 2021 - 1st January 2023

Physiotherapist

Provide comprehensive physiotherapy assessments and treatments to patients with musculoskeletal, neurological, and respiratory conditions. Develop individualized treatment plans tailored to each patient's needs, goals, and abilities. Utilize manual therapy techniques, therapeutic exercises, and modalities such as ultrasound and electrical stimulation to optimize patient outcomes. Collaborate with interdisciplinary healthcare team members, including physicians, occupational therapists, and chiropractors, to coordinate patient care and achieve holistic treatment approaches. Educate patients on injury prevention strategies, proper body mechanics, and home exercise programs to promote self-management and long-term wellness.
